

# **Certificate Course on Tobacco Control and Cessation**

**Organised by  
Resource Centre for Tobacco Control  
Cancer Institute (WIA)**

## **Greetings!**

Over the past 66 years, Cancer Institute (WIA) has been a pioneer in cancer care, education, training and research in the country. Realizing the significance of cancer prevention, the Resource Centre for Tobacco Control (RCTC), established by the WHO and Ministry of Health and Family Welfare in the year 2002 has been involved in bringing about awareness through education.

Resource Center for Tobacco Control trained around 250 Healthcare professionals on Tobacco Control and Cessation since 2010.

In line with this, Cancer Institute is organizing the **12<sup>th</sup> Certificate Course on Tobacco Control and Cessation for doctors, dentists, psychologists, social workers and other healthcare professionals.**

The purpose of this course is to rapidly build public health capacity to improve the knowledge and understanding of tobacco control strategies, enhance skills and implement tobacco control programs and cessation service.
